

## AMPERE ENERGY PORTUGAL: CHANGE IS SIMPLE

*Ampere Energy, brought to Portugal by Casais Group, produces intelligent systems of energy storage for domestic, commercial, industrial use and big consumptions.*

Its system allows Ampere to seize the lifestyle of each home and decide the best option to get the greatest energetic efficiency. With the equipment of Ampere it is possible to save energy and understand how much is wasted in each moment and action. The system is totally automatic and does not need any maintenance. It works in an autonomous way. [Ampere Energy](#) also dedicates to projects of big consumptions, customizing if it is necessary the systems for industry and big facilities, tailored to your needs.
