Casais Angola restores Escola Irmão Carlos Tesche in Luanda

03.12.2018

Casais Angola, within the framework of the Social Responsibility project "Together in Development, Build Smiles", has developed a rehabilitation project in a teaching space, the Escola Irmão Carlos Tesche, located in the Golf District, on the outskirts of Luanda. The rehabilitation work consisted in the application of ceramic and painting in classrooms that were more damaged. The work was supported by the After Sales Service of the Casais Angola, which in a short period of time managed to provide better conditions for the 1,052 children enrolled in this school institution.
