

ATTRACTING TALENT

ARE YOU READY TO BUILD?

Arte e Engenho Program

The Arte e Engenho Program aims to challenge and captivate young talent, motivate them to meet the challenges of a dynamic market and prepare them for a successful working life. Over the course of nine months, the Casais Group's trainee program contributes to framing high potential young people in the Casais culture, while creating a team with sustained and lasting connections. This program has one edition per year and several training areas, namely: Civil Engineering, Mechanical Engineering, Electrotechnical Engineering and Architecture.
