

## EVENTS AND INITIATIVES

### MEET&GREET@CASAIS

The Meet & Greet of the Casais Group intends to make room for all the working people to introduce themselves and meet the Group's directors and management. It is the opportunity to be in a unique event in order to make themselves known and to know more about the culture of a Group that prioritizes proximity and opens doors to all those who have skills and desire to take on challenging projects. Once a year, between Braga and Lisbon, you can seize the opportunity and build a future with us.

### CASAIS OPEN WEEK

You are in the course of your academic career, you don't know what the job market can offer you, how does a construction company work? Then we have the right event for you! For a week we opened our doors and welcomed students from various fields of education and learning to learn more about the Casais Group and have the opportunity to know the full potential within our doors. It is the opportunity to talk to various professionals, ask questions, observe and be able to understand what you can do when you finish your training. We are waiting for you. With doors fully open!
